

OCTOBER 1969

GUT

The Journal of The British Society of Gastroenterology

CONTENTS

Measurement of blood and iron loss in colitis with a whole-body counter T. SMITH, J. HYWEL JONES, and J. FLETCHER.....	page 769	Significance of early and late positive responses to insulin hypoglycaemia in patients with intact vagi G. P. BURNS, F. C. Y. CHENG, A. G. COX, R. A. PAYNE, J. SPENCER, and R. B. WELBOURN.....	page 820
Gastric acid secretion in patients with duodenal ulcer treated for one year with anticholinergic drugs MICHAEL D. KAYE, PETER BECK, JOHN RHODES, and PETER M. SWEETNAM.....	page 774	Insulin response to carbohydrate ingestion after gastric surgery with special reference to hypoglycaemia A. J. CAMERON, J. P. ELLIS, J. I. MCGILL, and L. P. LE QUESNE.....	page 825
Gastric secretion after massive small bowel resection COLIN W. O. WINDSOR, J. FEJFAR, and D. A. K. WOODWARD.....	page 779	Severe peptic oesophagitis P. L. BRUNNEN, A. M. KARMODY, and C. D. NEEDHAM.....	page 831
Use of an inert marker (phenol red) to improve accuracy in gastric secretion studies M. HOBSLEY and W. SILEN.....	page 787	The high incidence of intestinal volvulus in Iran FARROKH SAIDI.....	page 838
Secretory response to secretin in a patient with diarrhoea and the Zollinger-Ellison pattern of gastric secretion H. PETERSEN, J. MYREN, and I. LIAVÅG.....	page 796	A new method for studying gut transit times using radioopaque markers J. M. HINTON, J. E. LENNARD-JONES, and A. C. YOUNG.....	page 842
The Zollinger-Ellison syndrome in a child H. B. C. BURMESTER, R. HALL, and N. MUNAWER.....	page 800	Oesophageal manometric studies in patients with chronic Chagas disease and megacolon PETER HEITMANN and JULIO ESPINOZA.....	page 848
The paneth cell in disease KLAUS LEWIN.....	page 804	Effect of pH changes on the cardiac sphincter G. R. GILES, C. HUMPHRIES, M. C. MASON, and C. G. CLARK.....	page 852
Studies on the intestinal flora B. S. DRASAR and MARGOT SHINER		<i>Progress Reports</i>	
Part II Bacterial flora of the small intestine in patients with gastrointestinal disorders.....	page 812	The importance of keeping bile salts in their place K. W. HEATON.....	page 857
		The implications of bile in the stomach G. J. COLE.....	page 864
		Comment.....	page 868
		Notes and activities.....	page 870
