(*Technical Editor*)

*Gut* publishes original papers and reviews concerned with practice and research in the field of gastroenterology. The field is that of alimentary, hepatic, or pancreatic disease, and papers may cover the medical, surgical, radiological, or historical aspects. They may also deal with the basic sciences concerned with the alimentary tract, including experimental work. The report of a single case will be accepted only if it is of sufficient interest in relation to a wider field of research.

**COMMUNICATIONS** Two copies of papers and figures should be addressed to the Editor, *Gut*, BMA House, Tavistock Square, London WC1H 9JR. Papers are accepted only on the written understanding, signed by all authors, that they are not published elsewhere without previous sanction of the Editorial Committee, and that all authors agree to publication in *Gut*. Manuscripts should follow the Vancouver conventions (see *Br Med J* 1979; 1: 532-5. *Gut* 1979; 20: 651-2). They should be in double-spaced typewriting on one side of the paper only. On the paper the name of the author should appear with initials (or distinguishing first name) only, and the name and address of the hospital or laboratory where the work was performed. A short summary should be provided at the beginning of the paper.

**ACKNOWLEDGEMENT OF MANUSCRIPTS** Manuscripts will not be acknowledged unless a stamped addressed postcard or international reply coupon is enclosed.

**ILLUSTRATIONS** *Photographs* Unmounted photographs on glossy paper should be provided. *Diagrams* These will usually be reduced to 2½ in wide. Lettering should be in either Letraset or stencil, and care should be taken that lettering and symbols are of comparable size. Illustrations should not be inserted in the text, they should be marked on the back with Figure numbers, title of paper, and name of author. All photographs, graphs, and diagrams should be referred to as Figures and should be numbered consecutively in the text in Arabic numerals. The legends for illustrations should be typed on a separate sheet. *Tables* Tables should be numbered consecutively in the text in Arabic numerals and each typed on a separate sheet.

**ETHICS** Ethical considerations will be taken into account in the assessment of papers (see the Medical Research Council's publications on the ethics of human experimentation, and the World Medical Association's code of ethics, known as the Declaration of Helsinki (see *Br Med J* 1964; 2:177)).

**SI UNITS** All measurements except blood pressure are expressed in SI units. In the text they should be followed by traditional units in parentheses. In tables and illustrations value are given in SI units, but a conversion factor must be supplied. For general guidance on the International System of Units and some useful conversion

factors, see *The SI for the Health Professions* (WHO, 1977). **NB: Such conversion is the responsibility of the author.**

**REFERENCES** These follow the Vancouver system - that is, references numbered consecutively in the text and listed numerically with titles abbreviated in the style of *Index Medicus, Standard journal article* - (list all authors when six or less; when seven or more, list first three and add *et al*): James A, Joyce B, Harvey T. Effect of long-term cimetidine. *Gut* 1979; 20: 123-4. **NB: Accurate punctuation is essential.**

**CORRECTIONS** other than printers' errors may be charged to the author.

**REPRINTS** Twenty-five reprints will be supplied free of charge. Further reprints will be available on payment of the necessary costs; the number of reprints required should be sent to the Publishing Manager on the form provided with the proof.

**NOTICE TO ADVERTISERS** Application for advertisement space and for rates should be addressed to the Advertisement Manager, *Gut*, BMA House, Tavistock Square, London WC1H 9JR.

**NOTICE TO SUBSCRIBERS** *Gut* is published monthly. The annual subscription rate is £47.00 in the United Kingdom and the Republic of Ireland, and \$115.00 by surface mail in all countries overseas. Payment for overseas subscriptions should be made in US dollars, i.e. US\$115.00 or in your national currency based on the prevailing exchange rate to the US dollar of that currency, payable to the British Medical Association. Orders can also be placed with any leading subscription agent or bookseller. (For the convenience of readers in the USA subscription orders, with or without payment, can also be sent to: *British Medical Journal*, Box 560B, Kennebunkport, Maine 04046. All enquiries, however, must be addressed to the Publisher in London.) All enquiries regarding Air Mail rates and single copies already published should be addressed to the Publisher in London.

## IT COSTS LESS

Despite these superior benefits,  
**COLIFOAM** is less expensive.  
 In fact, it can cost up to 34% less per dose  
 than a standard proprietary enema.

### THE BRITISH COUNCIL INTERNATIONAL MEDICAL COURSE

# Gastrointestinal Endoscopy

**4–9 December 1983 in London**

Emphasis in teaching is shifting from the more didactic to the more informal, with greater audience participation and the increasing use of closed circuit colour television, particularly in specialties such as gastroenterology. With this in mind, this course will commence with an introductory session on the basic aspects of diagnostic and therapeutic digesting endoscopy and will then concentrate on live case demonstrations with related discussions on indications, instrumentation and technique. There will also be demonstrations of interventional radiology. The emphasis will be on the practical aspects of endoscopy but other important and related subjects will be covered.

The Director of Studies will be DR PAUL SALMON, Consultant Physician at University College Hospital, London and Senior Clinical Lecturer in Gastroenterology at University College London. Course members will be expected to have a working knowledge of gastrointestinal endoscopy and to be reasonably experienced. There are 45 vacancies.

Fee £320 (Residential), £190 (Non-residential).

Further information and application forms can be obtained from your local overseas representative of The British Council or from Courses Department, The British Council, 65 Davies Street, London W1Y 2AA.
