

Gut

Journal of the British Society of Gastroenterology

Contents Vol 30, No 2, February 1989

Leading article

Arc antacids cytoprotective? DANIEL HOLLANDER AND ANDRZEJ TARNAWSKI *page 145*

Alimentary tract and pancreas

Stimulation of mucosal prostaglandin synthesis in human stomach and duodenum by antacid treatment G PRECLIK, E F STANGE, K GERBER, G FETZER, H HORN, AND H DITSCHUNEIT *page 148*

Gastric emptying in marathon runners I CARRIÓ, M ESTORCH, R SERRA-GRIMA, M GINJAUME, R NOTIVOL, R CALABUIG, AND F VILARDELL *page 152*

Inhibition of gastric secretion and motility by simulated upper gastrointestinal haemorrhage: A response to facilitate haemostasis? G M FULLARTON, E J S BOYD, G P CREAM, K BUCHANAN, AND K E L MCCOLL *page 156*

Duodenal and antral mucosal prostaglandin E₂ synthesis in a study of normal subjects and all stages of duodenal ulcer disease treated by H₂ receptor antagonists S PUGH, S E WILLIAMS, M R LEWIN, M ISHAQUE, T P BARTON, K BOSE, K D BARDHAN, AND C G CLARK *page 161*

Acid induced duodenal ulcer pain: the influence of symptom status and the effect of an antispasmodic J Y KANG, IVY YAP, R GUAN, H H TAY, AND M V MATH *page 166*

Statistical analysis of the lactulose/breath hydrogen test in the measurement of oro-caecal transit: its variability and predictive value in assessing drug action D H STANFORTH AND D ROSE *page 171*

Energy absorption as a measure of intestinal failure in the short bowel syndrome C A RODRIGUES, J E LENNARD-JONES, D G THOMPSON, AND M J G FARTHING *page 176*

Chemiluminescence of ischaemic and reperfused intestine in vivo E J A ROLDÁN, C R PINUS, J F TURRENS, AND A BOVERIS *page 184*

Disturbed fibrinolysis in patients with inflammatory bowel disease. A study in blood plasma, colon mucosa, and faeces E DE JONG, R J PORTE, E A R KNOT, J H VERHEIJEN, AND J DEES *page 188*

Non-cryptosporidial diarrhoea in human immunodeficiency virus (HIV) infected patients G M CONNOLLY, D SHANSON, D A HAWKINS, J N HARCOURT WEBSTER, AND B G GAZZARD *page 195*

Liver, biliary and pancreas

Prevalence of biliary tract disease in India: a sonographic study in adult population in Kashmir M S KHUROO, R MAHAJAN, S A ZARGAR, G JAVID, AND S SAPRU *page 201*

Unexpected dilatation of the common bile duct after methyl tertiary butyl ether (MTBE) in rabbits. Possible implications to findings in man R TRITAPEPE, C POZZI, P CASPANI, AND C DI PADOVA *page 206*

Plasma concentrations of cholecystokinin, CCK-8, and CCK-33, 39 in rats, determined by a method based on enzyme digestion of gastrin before HPLC and RIA detection of CCK A LINDÉN, M CARLQUIST, S HANSEN, AND K UVNÄS-MOBERG *page 213*

Somatostatin in the treatment of acute pancreatitis: a prospective randomised controlled trial T K CHOI, F MOK, W H ZHAN, S T FAN, E C S LAI, AND J WONG *page 223*

Pressure of intraoesophageal varices assessed by fine needle puncture: its relation to endoscopic signs and severity of liver disease in patients with cirrhosis G KLEBER, T SAUERBRUCH, G FISCHER, AND G PAUMGARTNER *page 228*

Case reports

Laryngospasm and reflex central apnoea caused by aspiration of refluxed gastric content in adults M BORTOLOTTI *page 233*

Silicone in the liver: possible late effects J HUNT, M J G FARTHING, L R I BAKER, P R CROCKER, AND D A LEVISON *page 239*

Fibrolamellar hepatocellular carcinoma complicating ulcerative colitis with primary sclerosing cholangitis J A SNOOK, P KELLY, R W CHAPMAN, AND D P JEWELL *page 243*

Progress reports

Fibre and enteral nutrition D B A SILK *page 246*

Hepatic haemodynamics as related to blood flow through gut, spleen, and pancreas G A CHARBON AND M F ANDERSON *page 265*

Correspondence. Books. Books received. page 279
