

# Gut

An International Journal of  
Gastroenterology and Hepatology

JANUARY 1998 VOLUME 42 NUMBER 1

## Editorial

- 1 Gut in 1998—Looking back, looking forward *M J G Farthing*

## Leading article

- 2 Ecological control of the gastrointestinal tract. The role of probiotic flora *S Bengmark*

## Commentaries

- 8 CAPAP in acute pancreatitis: just another marker or real progress? *M W Büchler, W Uhl, Å Andrén-Sandberg*  
9 H<sub>2</sub> antagonists for gastric cancer: small numbers are not beautiful *J W L Fielding*  
9 Coeliac disease and primary biliary cirrhosis: a case for mutual screening *J Metcalf*

## Science alert

- 11 Mid-life crisis for M cells *R L Owen*

## Oesophagus

- 13 Cost effectiveness of treatment for gastro-oesophageal reflux disease in clinical practice: a clinical database analysis *A Eggleston, A Wigerinck, S Huijghebaert, D Dubois, A Haycox*

## Stomach

- 17 A prospective randomised controlled study of the use of ranitidine in patients with gastric cancer *J N Primrose, G V Miller, S R Preston, J Gokhale, N S Ambrose, U M Ward, J G Mills, R S B Ehsanullah, D Darekar, and the Yorkshire GI Tumour Group*  
20 *Helicobacter pylori* infection in patients with early gastric cancer by the endoscopic phenol red test *K Iseki, M Tatsuta, H Iishi, M Baba, S Ishiguro*

## Small intestine

- 24 Putrescine as a source of instant energy in the small intestine of the rat *S Bardócz, G Grant, D S Brown, A Pusztai*  
29 Microbiology of bacterial translocation in humans *C J O'Boyle, J MacFie, C J Mitchell, D Johnstone, P M Sagar, P C Sedman*  
36 Actions of the 5-hydroxytryptamine 1 receptor agonist sumatriptan on interdigestive gastrointestinal motility in man *J Tack, B Coulie, A Wilmer, T Peeters, J Janssens*

## Irritable bowel syndrome

- 42 Postprandial plasma 5-hydroxytryptamine in diarrhoea predominant irritable bowel syndrome: a pilot study *C P Bearcroft, D Perrett, M J G Farthing*  
47 Is the association between irritable bowel syndrome and abuse explained by neuroticism? A population based study *N J Talley, P M Boyce, M Jones*

## Colon

- 54 Human intestinal M cells exhibit enterocyte-like intermediate filaments *T Kucharzik, N Lügering, K W Schmid, M A Schmidt, R Stoll, W Domschke*
- 63 Expression of a marker for colonic crypt base cells is correlated with poor prognosis in human colorectal cancer *A A M van der Wurff, J ten Kate, P T J Marx, E P M van der Linden, C C L Beek, F-J Boveland, J Dekker, W N M Dinjens, M F von Meyenfeldt, J-W Arends, F T Bosman*
- 71 Endoscopic screening of relatives of patients with colorectal cancer *L M Hunt, P S Rooney, J D Hardcastle, N C Armitage*

## Biliary and pancreatic disease

- 76 Predictive factors for survival of patients with inoperable malignant distal biliary strictures: a practical management guideline *F Prat, O Chapat, B Ducot, T Ponchon, J Fritsch, A D Choury, G Pelletier, C Buffet*
- 81 <sup>13</sup>C labelled cholesteryl octanoate breath test for assessing pancreatic exocrine insufficiency *M Ventrucci, A Cipolla, G M Ubalducci, A Roda, E Roda*
- 88 Beta human chorionic gonadotropin concentrations in serum of patients with pancreatic adenocarcinoma *K N Syrigos, I Fyssas, M M Konstandoulakis, K J Harrington, S Papadopoulos, N Milingos, P Peveretos, B C Golematis*
- 92 Placebo controlled trial of enteric coated pancreatin microsphere treatment in patients with unresectable cancer of the pancreatic head region *M J Bruno, E B Haverkort, G P Tijssen, G N J Tytgat, D J van Leeuwen*
- 97 Activation peptide of carboxypeptidase B in serum and urine in acute pancreatitis *S Appellos, L Thim, A Borgström*

## Liver disease

- 103 Hepatic histology in hepatitis C virus carriers coinfecting with hepatitis G virus *J Petrik, L Guella, D G D Wight, G M Pearson, J Hinton, H Parker, J-P Allain, G J M Alexander*
- 107 Hepatitis G virus infection in chronic liver disease *M Guílera, J C Sáiz, F X López-Labrador, E Olmedo, S Ampurdanés, X Forn, J Bruix, A Parés, J M Sánchez-Tapias, M T Jiménez de Anta, J Rodés*
- 112 Suppressing effect of oestradiol on chemical hepatocarcinogenesis in rats *I Shimizu, M Yasuda, Y Mizobuchi, Y-R Ma, F Liu, M Shiba, T Horie, S Ito*
- 120 The association between primary biliary cirrhosis and coeliac disease: a study of relative prevalences *J G C Kingham, D R Parker*
- 123 Clinical outcome of transfemoral embolisation in patients with arteriovenous malformations of the liver in hereditary haemorrhagic telangiectasia (Weber-Rendu-Osler disease) *M Caselitz, S Wagner, A Chavan, M Gebel, J S Bleck, A Wu, H J Schlitt, M Galanski, M P Manns*

## Case reports

- 127 Treatment of enteritis in chronic granulomatous disease with granulocyte colony stimulating factor *B Myrup, N H Valerius, P B Mortensen*
- 131 Chronic obstructive pancreatitis due to a pancreatic cyst in a patient with autosomal dominant polycystic kidney disease *D Malka, P Hammel, V Vilgrain, J-F Fléjou, J Belghiti, P Bernades*
- 135 Abnormal mucus in cap polyposis *M P Buisine, J F Colombel, M Lecomte-Houcke, P Gower, J P Aubert, N Porchet, A Janin*

## Occasional viewpoint

- 139 Reducing risks in gastroenterological practice *G Neale*

- 143 **Letters to the editor** **Book reviews** **Notes**

**Cover illustration:** Frozen section of follicle associated epithelium from human appendix stained with a monoclonal antibody directed against cytokeratin 20. (From the paper by Kucharzik *et al*, this issue, pp54–62.)
